## SUMMARY

I am an enthusiastic and initiative-taking individual aspiring to be a Software Engineer. I am currently a third-year student at Strathmore University pursuing an undergraduate course in Bachelor of Science in Informatics and Computer Science. I am especially proficient in full-stack web development and application programming. I am looking for an internship position where I will be able to gain work experience, develop new abilities, and nurture skills.

## EXPERIENCE

DATES FROM – TO

**JOB TITLE, COMPANY**

Describe your responsibilities and achievements in terms of impact and results. Use examples, but keep it short.
